INDEX

By M. E. BITTERMAN, Cornell University

AUTHORS

(The names of authors of original articles are printed in CAPITALS; of authors of books reviewed, in roman; and of reviewers, in *italics*.)

AKHILANANDA, S. 670
ALEXANDER, F. 453
ALEXANDER, H. 629
ALSCHULER, R. H. 650
ANDERSON, H. H. 666
Anderson, O. D. 475
ARTHUR, G. 675
ASHLEY MONTAGU, M. F. 154
AVERILL, L. A. 661

BEAUMONT, H. 663, 663
Bell, R. 662, 662, 666, 667
BENEDEK, T. 669
Bentley, E. N. 675
BENTLEY, M. 420, 479
Bentley, M. 320, 650, 661, 665, 668, 670, 671, 672, 673, 674, 675
BIRD, C. 156
BIRD, D. M. 156
BITTERMAN, M. E. 407
Bitterman, M. E. 156, 476
BLAIR, G. M. 316
Bordin, E. S. 674
BOWLEY, A. 155
BREWER, H. M. 666
BRONFENBRENNER, U. 466
BROWN, R. H. 254
BROZEK, J. 350, 629
Burlingame, L. L. 460
BUSWELL, G. T. 135
BUXTON, C. E. 440

CARMICHAEL, L. 302
CASEY, R. D. 152
CHILD, I. L. 226, 378
COLE, L. 668
COMMITTEE 674
COPPOCK, H. 608

DALLENBACH, K. M. 260, 288, 443, 502
DE MONTPELLIER, G. 470
DUNLAP, K. 313, 457

EMERY, D. A. 159
English, H. B. 656

FANTEL, E. 466
FARAL, E. 140
FERNBERGER, S. W. 288
FERTSCH, P. 335
FINCH, F. H. 667
FISICHELLI, V. R. 109, 240
FOSTER, D. 272
FRANK, R. 674
FREDERICK, R. W. 665
FRENCH, T. M. 453

GANTT, W. H. 475
GARRETT, H. E. 662
GARRISON, K. C. 659
GATES, R. R. 460
GIRDEN, E. 571
GLAZE, J. A. 432
Goodenough, F. L. 140, 155
GORDON, D. A. 202
GROSSLIGHT, J. H. 226, 378

SUBJECTS

(References in *italic figures* are to reviews.)

Abnormal psychology, experimental neurosis, *475 f.*; feebleminded, persistence, 378-387; semantics and mental hygiene, *315 f.*; substitute activity, 226-239; therapy, *465 ff.*, *675*; theory, *673 f.*; thought in schizophrenia, *146 ff.* *See* Textbooks.
Acknowledgment, an, 646.
Adaptation level, as a frame of reference, 1-29.
After-sensation, cold, duration of, 260.
Angier, Roswell Parker, *see* Necrology.
Animal, *see* Comparative Psychology.
Anthropology, current literature, *473 f.*; Hopi culture, *675 ff.*; psychological history of man, 479-501; Sumerian paradise myth, *675*.
Apparatus, chronograph for the measurement of voice reaction-time, 624-628; dirhinic olfactory stimulator, 272-275; group experiments in learning, 113-116; projection timer for visual research, 413-419; three dimensional motion pictures, 116-118.
Audition, rôle in obstacle perception by the blind, 502-553.

Blind, perception of obstacles in, 502-553.
Braille, hand dominance in reading, 335-349.

Child psychology, guidance, *155 f.*; manual of, *302 ff.*; painting and personality, *650 ff.*; textbook, *150 ff.*, *565 f.*
Cold, after-sensation of, duration, 260-271.
Color, personality and, *650 ff.*; use in literature, 650 ff. *See* vision.
Comparative psychology, conditioning in curarized monkeys, 571-578; experimental neuroses, dog, *475 f.*; intelligence in man and animal, *470 f.*; optic cortex and retention of learned responses to light, dog, 30-67.
Conditioning, backward, man, 321-334; effect of curare, monkey, 571-578; inter-trial responses in, rat, 608-616; visual, dog, 30-67.
Contemporary psychology, selected writings, *476 f.*
Criminology, *157*.
Critical flicker frequency, apparent movement and, 109-112.

Deaf-blind, perception of obstacles in, 502-553.
Development, human, psychological history, 479-501. *See* Child Psychology, Textbooks.
Dextrality, braille reading and, 335-349.
Drugs, benzedrine sulfate, effect on psychomotor performance, 89-100; curare, effect on conditioning, 571-578.

Eastern Psychological Association, *see* Meetings.
Education, diagnostic and remedial, *316 ff.*; home and family life, *320*; personality of the teacher, *666 f.*; study methods, *156 f.*, *665 f.* *See* Textbooks.
Efficiency, aircraft controls, 397-406; benzedrine sulfate and psychomotor performance, 89-100; study methods, *156 f.*, *665 f.*; typography and perceptual span, 388-396.
Encyclopedia, psychological, *297 ff.*
Esthetics, treatise, *318 f.*

Figural after-effects, *see* Perception.
Frame of reference, adaptation level as, 1-29; perception of direction in relation to, 68-88.

Genetics, treatise, *460 ff.*

Hindu psychology, treatise, *670 f.*
History, psychological, of man, 479-501; reflections in, *672*; study of, *674*.

Individual differences, cardiovascular responses to criminal interrogation, 407-412.
Intellectual functions, man and animal compared, *470 f.*; test battery for longitudinal studies, 350-366.

Janet, Pierre, photograph, facing p. 479. *See* Necrology.
Jennings, Herbert Spencer, *see* Necrology.
Judd, Charles Hubbard, *see* Necrology.

Language, changes, 588-597; origins, *647 ff.* *See* Semantics.
Learning, group experiments, demonstrations, 113-116; interference, effect of boundary strength on, 598-607; perception and, 81-84, 119-124, 515-539, 598 f.; puzzle box, cat, *319 f.*;

visual, optic cortex in, dog, 30-67. *See* Conditioning, Education, Textbooks.
Leuba, James Henry, *see* Necrology.
Lie detection, cardiovascular responses of innocent persons, 407-412.
Lissajous figures, apparent movement in, 109-112; reversible perspective in, 240-249.

Man, psychological history, 479-501.
Meetings, Eastern Psychological Association, 437-440; Midwestern Psychological Association, 440-443; Rocky Mountain Branch of the American Psychological Association, 442-443; Society of Experimental Psychologists, 288-289; Southern Society for Philosophy and Psychology, 435-437; Twelfth International Congress of Psychology, announcement of, 443-444.
Memory, *see* Learning.
Midwestern Psychological Association, *see* Meetings.
Motion pictures, depth perception in, 116-118.
Motion sickness, physical factor in, 434-435.
Motor functions, aircraft controls and, 397-406; benzedrine sulphate and, 89-100; braille reading, hand dominance in, 335-349.
Myers, Charles Samuel, *see* Necrology.

Necrology, Roswell Parker Angier, 138-139; Pierre Janet, 637-645; Herbert Spencer Jennings, 447-450; Charles Hubbard Judd, 135-137; James Henry Leuba, 645-646; Charles Samuel Myers, 289-296; Paul Ranschburg, 444-446; Willard Lee Valentine, 446-447.

Obituary, *see* Necrology.
Occasionalism, analysis of, 124-134.
Olfaction, apparatus for study of, 272-275.

Perception, depth, figural after-effects in, 159-201; direction, field factors in, 68-88; figural after-effects, apparent size of, 617-623; firmness of materials, 554-570; form, motion, and displacement, scotopic thresholds, 202-225; learning and, 81-84, 119-124, 515-539, 598 f.; Lissajous figures, 109-112, 240-249; motion pictures and, 116-118; obstacles, deaf-blind, 502-553; three dimensional, 159-201; visual space, mathematical analysis, *650 ff.*
Persistence, success and failure in relation to, 378-387.
Personality, effects of war in, *669 f.*; painting and, *650 ff.*; social behavior in adolescence, *148 ff.*; of the teacher, *666 f.*
Physiology, of sex, *675*; textbook, psychologist's reflections upon, 420-430.
Propaganda, public opinion and, essays and bibliography, *152 ff.*
Psychoanalysis, treatise, *453 ff.*
Psychophysics, adaptation level in, 1-29; firmness of materials, 554-570; measurement of visual displacements, 619 ff.; retroactive inhibition and, 367-377; time error in relation to method, 101-108.
Psychotherapy, *see* Abnormal Psychology, Psychoanalysis, Textbooks.
Public opinion, propaganda and, essays and bibliography, *152 ff.*
Publications, for war-devastated libraries, 288.

Race, treatise, *154 f.*
Ranschburg, Paul, *see* Necrology.
Reading, braille, 335-349; perceptual span in, 388-396.
Reënforcement, in perception, 119-124; and persistence, 378-387; and substitutive behavior, 226-239.
Religion, psychology of, *313 ff.*
Retention, visual responses, optic cortex and, 30-67. *See* Learning.
Retroactive inhibition, psychophysical judgment and, 367-377.
Reward, *see* Reënforcement.
Ribot, Theodore, publication in honor of, *140 ff.*
Rocky Mountain Branch of the American Psychological Association, *see* Meetings.

Schizophrenia, conceptual thinking in, *146 ff.*
Semantics, and personal adjustment, *315 f.*; treatise, *307 ff.*; *See* Language.
Sex, treatise, *671, 675.*
Social behavior, adolescence, *148 ff.*
Society of Experimental Psychologists, *see* Meetings.
Sociology, circulation of information, 276-287.

Southern Society for Philosophy and Psychology, *see* Meetings.
Statistical methods, components of variation in two-way tables, 629-637.
Substitutive behavior, 226-239.

Talent, musical criterion of, 250-253.
Temperature senses, after-sensation of cold, duration of, 260-271.
Tests, battery, for longitudinal experiments, 350-366; color blindness, treatise, *310 ff.*; musical talent, 250-253; psychomotor, 89-100.
Textbooks, adolescence, *659 f.*; child psychology, *150 ff., 656 f., 668 f.*; clinical psychology and guidance, *451 ff., 457 ff., 661 f., 672 f., 674*; education, *654 ff., 662 f., 665 f.*; introductory psychology, *664 f.*; learning, *472 f.*; personnel and industrial psychology, *663 f., 667 f.*; physiology, psychologists' reflections upon, 420-430, school, *675*; statistics, *662.*
Time-error, auditory, 101-108.
Twelfth International Congress of Psychology, announcement of, 443-444.
Typography, perceptual span and, 388-396.

Valentine, Willard Lee, *see* Necrology.
Vestibular functions, asynchrony in labyrinth receptors, 434-435; in the deaf-blind, 507 ff.
Vision, color, deficiencies in, *310 ff.*, treatise, *650 ff.*; during retinal detachment, 432-434; peripheral, spatial summation in, 254-259. *See* Perception.
